

Proportional Reasoning

An essential foundation for numeracy Numeracy Teacher Conference

For Teachers Primary - Year 9

Keynotes

Professor Merrilyn Goos
Numeracy for the 21st Century

Associate Professor Shelley Dole
Proportional Reasoning in the Australian Curriculum: Mathematics

Dr Mia O'Brien
Powerful pedagogies for proportional reasoning

Dr Annette Hilton
Assessing Students' Proportional Reasoning

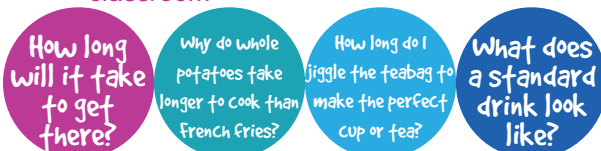

Dr Geoff Hilton
Representations of Proportional Reasoning (tools for numeracy)

Showcasing proportional reasoning in the classroom

Voices from the field: *Classroom teachers share their practices in enhancing Proportional Reasoning in the classroom*

Practical ideas: *multi-age Proportional Reasoning tasks and ideas for the classroom*

Saturday, 16 February, 2013
1pm - 7pm
Cocktail party from 5:45pm
The University of Queensland

Cost: \$60*

Contact: Shelley Dole s.dole@uq.edu.au

Register at: <http://proportionalreasoning.weebly.com/help-with-registration.html>

*Conference Registration Costs

All participants will be provided with resources and materials developed from this project over the three years. This information will be contained on a USB memory stick for easy annotation and adaptation. Participants will be provided with a printed program that includes an overview of the workshops and keynotes. Registration also covers costs of catering for afternoon tea, refreshments during the program, and the cocktail party, including alcoholic drinks, as well as the USB memory stick, snacks, water, room hire and equipment hire.
